

# NOLAN CHEMICALS CORP.

**Cultivating Growth through  
Sustainable Chemistry**

## What lies at the heart of a thriving tree?

Deep-set roots that anchor firmly into the earth, a core that is grounded in purpose, and branches that perpetually stretch towards opportunity.

This outward reach is propelled by our steadfast commitment to **sustainability**, **adaptability**, and the continuous pursuit of **excellence**. We develop solutions for agrochemicals, polymers, additives, surfactants, pigments, and dyes, making a tangible impact on industries and improving lives across the globe, all while upholding our environmental responsibilities.

# Industries We Serve

**Coatings &  
Paint Chemicals**

**Agrochemical**

**Textile**

**Auxiliary Chemicals**

**Home & Personal Care**

**Solvents &  
Intermediates**

# Cultivating Growth with Right Strategies Today

## New Product Development

We continuously invest in **cutting-edge research and development** to create advanced chemical solutions that meet evolving industry demands and address future challenges.

## Partnership with Global Companies

We believe in the power of collaboration. By forging **strategic partnerships with leading global companies**, we leverage shared expertise, expand our market presence, and enhance our capabilities.

## Quality Assurance

Excellence is non-negotiable. Our rigorous **Quality Assurance** underpins everything we do, from raw material sourcing to final product delivery.

## Resilient Supply Chain

We've built a **robust and resilient supply chain** designed to minimize disruptions and ensure timely delivery of our products globally. Our proactive approach and strong logistics network guarantee seamless operations, even in challenging environments.

## What We Do

Provide complete solutions for outsourced chemical production and product development, From concept to commercialization.

## Who We Do It For

We collaborate with specialty chemical manufacturers seeking a trusted ally. Our partners value reliability, efficient operations, and a commitment to shared progress.

## What Do Our Partners Get

Access to unmatched expertise, cost-efficient solutions, and long-term supply assurance. Our commitment to the highest safety practices and strategic manufacturing partnerships in the chemical industry means your growth is our priority.

# Future of Possibilities

**Care, Integrity, and Excellence** form the very foundation of our Core. These core values have not only guided us through challenges and ensured we always honor our commitments, but they've also fostered the enduring partnerships that define us. We're actively transforming from a local industry player into a formidable global force, consistently setting new benchmarks in **quality, customer-centricity, and operational efficiency**.

As we step into this exciting new chapter, our spirit of transformation is unwavering. We look ahead, ready to seize emerging opportunities and redefine what's possible.

Here's to shaping industries, enriching lives, and building a sustainable future.
